

# AGIP GREASE CT 0

AGIP GREASE CT 0 is a sodium soap-based fluid grease specific for lubrication of enclosed gears.

## CHARACTERISTICS (TYPICAL FIGURES)

### AGIP GREASE CT 0

NLGI consistency		0
Worked penetration	dmm	366
ASTM dropping point	°C	134
Base oil viscosity at 40°C	mm <sup>2</sup> /s	320

## PROPERTIES AND PERFORMANCE

AGIP GREASE CT 0 is a fluid grease which adheres tenaciously to the surfaces to which it is applied, resisting the dislodging effect of centrifugal forces.

AGIP GREASE CT 0 is a grease with sodium thickener suitable for high temperature in absence of water.

## APPLICATIONS

AGIP GREASE CT 0 grease is designed for the lubrication of fast, heavily-loaded reduction gears.
